

TCtv Producer Education Series

2013 Schedule

*Producer Education Series classes are only open to current active producers.
Please RSVP by email or call (310) 618-5762*

3/15	Basic Audio Workshop <i>Join us for the Basic Audio Workshop. Although we use the term "Basic" we don't mean elementary but foundational principles of audio. In this seminar we will discuss and give demonstrations of typical audio problems and their solutions. You will also learn the keys to capturing great sounds the pros use every day.</i>
3/22	Production Techniques Using Edirol <i>Join us for the Production Techniques Using Edirol Workshop. You will learn the true power of using the Edirol in the studio environment to create and edit projects. The presentation will include tips on how to shoot and complete your show quickly and efficiently with high quality values.</i>
3/29	Mixing With Pro Tools <i>Join us for the Mixing with Pro Tools Workshop. You will Learn about equalizers, compression, reverbs, delays and how to balance a mix. We will discuss techniques to create the right timbres that will make instruments jump out of a mix. Bring all your questions and let's dive in.</i>
4/05	Talk Show Techniques <i>This hands-on workshop is designed to give producers advanced techniques in the production of a "Talk Show" format. You will learn pre-production planning tips, go over the workflow of typical talk shows, and all that is involved in having a successful day of shooting.</i>
4/12	Micing The Band <i>If you're interested at all in how to mic and instrument or microphone technical in general this class is for you. We will explore microphone placement, and techniques, and capturing the sound in Pro Tools.</i>
4/19	Talk Show Techniques 2 <i>Join us for this workshop where we discuss typical production problems with talk shows. The workshop will also cover techniques that will elevate your talk show production values.</i>
4/26	Pre Production Planning <i>Planning your next shoot? This class will be very informative in giving you the who, what, when, where, and why's about preparing for that big shoot day.</i>
5/03	CTAB Presents: Eileen Finkelstein – Project Runway Editor <i>Eileen Finkelstein, a seasoned television editor who has worked on notable shows such as Lifetime's Project Runway, will host an informal talk on what it's like to be an editor on a hit primetime series.</i>
5/10	TCtv Live 3 Production <i>Itching to get more hands on experience in the TV Studio? Then join us for another TCtv Live workshop. Work on your camera skills, operate the lighting board, or if you're up for it, take seat in the director's chair. This is a must see class!</i>
5/17	Studio Production Audio <i>If you have any question about working with or creating great audio in the studio (this will also apply to field recording) this class is for you. We discuss how to use all our microphones, assign the mics to a mixer channel and proper gain staging for the mixing board. And more... Bring all your questions.</i>
